To what Corvette generation does each outside door "handle" belong?

Answers in the next issue!

Dinner and Car-Show-Planning

On 7/27, 14 members met at Maggi D's, John's restaurant in Myrtle Beach, for dinner and some pre-car-show planning. The food was superb, the conversation was grand, and some planning was done!

Shepherd's Pie and Beatlemaniacs

On 7/31, a small group of GSCCers met at *The Old Bull and Bush* tavern on US 17 Bypass to watch George and his group, *The English Channel*, play some great oldies from the British Invasion of the 60's, 70's, and 80's. It was live music at its best with lyrics we all knew...too bad we can't sing!

The Car Show - Finally a Nice Day!

Despite the forecast of a storm, Saturday, 8/1, turned out to be a lovely, if hot, day. Fifty three car enthusiasts, several golfcarters, and a handful of vendors showed up at *The Camping Connection* parking lot for our 3rd annual car show. There was a good variety of car makes, models, and ages. The 53 cars did not include the 14 Corvettes brought by club members which, with the other dozen brought by the public, made this a vetty fine show indeed! Over \$400 was raised for Jason's House!

Even though we were hoping for clouds, the sunny day and 90° temperature brought out lots of cars and lots of visitors!
