AUGUST 2018 MEETING – CALLIE BAKER’S Bar and Grill

NORTH MYRTLE BEACH, S.C.

Held on August 12, 2018 at the infamous Callie Baker’s Firehouse Bar and Grill in the Arrowhead section of North Myrtle Beach, 30 members attended the monthly meeting. A fun thing about having our meeting here is a concert after the meeting at the stage behind the building. Dancing, good music and lots of fun for all that attended. Thank you to our membership for supporting our monthly meetings. Great turnout for fun and food. George Washnak, our President again led the meeting and introduced each Board Member for their presentation of respective information. George also again reminded everyone the car show is coming up and volunteers are needed for the many positions we will have to staff for that day. Mickey Sharp, Membership Chairman, reviewed the current membership numbers for Grand Strand Corvettes and Debbie Washnak, Activities Committee Chair went over the list of upcoming events and dates. She reminded everyone going on the trip to the Georgia mountains to please get with her ASAP for arrangements. This trip is fast approaching. Other Upcoming events include a trip to Biltmore Estates in the late fall. Pat Hicks gave an overview of plans for the 2019 trip to the Corvette Museum for the 25th Anniversary Bash are underway. Check our website for more information on exciting and fun times. Dee Lopes updated the members on the financial balance in the club’s account.

SPREAD THE WORD

OCTOBER 13 IS COMING!!

Invite your friends from other car clubs and come join us
on October 13th at Jud Kuhn Chevrolet.

CARS AND COFFEE

Don't forget, the first Sunday of each month at the Bagel Factory in
Carolina Forest, just off 501. Free coffee for those showing their cars.
The August Cars and Coffee had a nice turnout and featured several
local Porsche cars on display.

Our website has been updated with current information. Check us out
www.grandstrandcorvettes.com

Jason's House continues each weekend until September.

Please make plans to participate and support our charity and the kids that make it special. It's great to make a child squeal with joy!!

Cruise-In's and Car Shows continue throughout the summer all over the area. We have had an unfortunate run of rain-outs over the last month which has curtailed our participation in some shows we normally would not miss. The Suck, Bang, Blow show on August 11, 2018 was hot but well attended with approximately 70 cars showing.

For more information on regional car shows, contact Larry Baine or Harold Dobbins for dates and locations.

NEWSLETTER IDEAS

All members are encouraged to submit articles, information, activities, etc. to be included in our monthly Newsletter! Pictures of activities are needed from all events. Please send any Newsletter contribution to Larry Baine, Newsletter Editor to the e-mail listed on the GSCC 2018 Member Roster you received by e-mail. Please send pictures in .jpeg format and text articles in .doc (WORD) or .pdf format (Adobe). I look forward to hearing from you.

August 2018 Member Birthdays

12th – John Buncek

Must have been a slow month in the Maternity Ward!

HAPPY

BIRTHDAY

YALL!!!!

Tech Tips

From routine maintenance at the service department to the occasional trip to the car wash, proper car care can help maintain the quality of your vehicle. But, what about car interior care? A little cleaning can go a long way! Bill Kay Corvettes knows a thing or two about maintaining a stunning vehicle, so we're happy to share our best tips and tricks! Read on for our recommendations on car interior care.

Vacuuming - between snack wrappers and leaf debris, your car can collect a lot of dirt over the years. A thorough vacuuming can easily sweep away debris that collects in even the tiniest nooks and crannies in your cabin. Try a highpowered vacuum with a hose to maneuver over and under the seats, and swap out different attachments to get into those hard-to-reach places. Some car washes also have coin-operated vacuums for your convenience.

Cleaning - Don't forget to clean the upholstery! Look for special carpet and upholstery products that are made especially for car interiors. These solutions are formulated to effectively remove stains, dirt, and grime without ruining the finish of your upholstery. What about leather seats?

Shop for a quality leather cleaner and conditioner to keep your seats flexible and soft.

Additionally, there are other areas of your car that may need special attention:

- A quick scrub will remove fingerprints, smudges, and paw prints from your windows. Be sure to read the fine print on your glass cleaner if you have tinted windows, since some chemicals can break down your tint.
- Make sure that your trunk is not weighed down by loads of cargo. Not only can this affect your vehicle's cleanliness, but this extra weight may hurt your fuel economy!
- The dashboard is easy to refresh with a sweep of a microfiber cloth. You can also look into protectants to shield your dashboard from UV and weather damage.

Organizing - Is your cabin full of clutter? Now that your interior is clean, why not take the time to organize? Consider car organizers that add storage space without taking up a lot of room. From visor organizers to seat organizers, these streamlined compartments provide extra space for all your vehicle's essentials.
