There's a new kid on the block...looks like trouble! Here are some brilliant blues, too!

Jason's House - 2014

On Saturday, 6/7, The Club's summer-long commitment to our primary charity, Jason's House, began. JH is operated by the Surfside Beach United Methodist Church and brings critically and/or terminally ill children and their families to The Beach for an all-expenses-paid week of fun-in-the-sun. All costs for this endeavor are donated by local businesses or concerned folks and the GSCC provides Corvette rides to the kids while their parents are registering and getting their schedule-of-events. On "opening day," GSCC had 5 cars and 6 members present, and gave rides to 10 kids. One look at their faces is reward enough for our participation! Let's hope this is the start of a great summer of helping kids have a super week in Myrtle Beach!
