The C2's have the shortest lifetime of all the Corvette generations... '63-'67. Can you name these great C2's by year? Some years appear twice...no fair googling! Answers in the next edition.

The Rained-out Car Show

On Saturday, 8/2, Camping Connection and GSCC co-sponsored the 2nd Annual Car-Camper-Golf Cart Show in Surfside Beach.

The weather was less than cooperative but the show went on...for a while. The rain set in about 9:30 am, but we stuck it out for another hour before deciding to postpone and try again.

New date: Saturday, November 15th, same time, same place!

Thanks to all the GSCC's who came out to help and the six die-hards who brought their cars to show!
